Ladies and Gentlemen,

After successfully merging with Maas High Tech Software GmbH, OXSEED Aktiengesellschaft gladly presents to you the first collaborative newsletter. OXSEED stands for a unique combination of SaaS competence and about 25 years of experience in the development of custom and standard software. With the following topics and solutions, we would like to present OXSEED.

Enjoy reading!

Marcus Hartmann      Wolfgang Maas

- NEWS

### **You are welcome to OXCHANGE 2009!**

Take part in our SaaS conference on June 18 -19 in Stuttgart. At the OXCHANGE 2009, we succinctly combine theory and experience. You hear direct from our customers, how it feels to work with OXSEED and you enjoy the experience in live when our experts demonstrate the OXSEED functionality and present information about adjacent areas.

Let us inform you about the possibilities of a timely implementation of the concept, the reduction of costs plus the significant improvement of the internal processes and other benefits. ...please read on...

- FAIRS

### **OXSEED at the transport logistic**

In the course of the globalization, the logistics market is one of the first to undergo an extensive transformation. It is important to react to these fundamental changes. For this situation, OXSEED offers the acceleration of document processes with a simultaneous increase in work productivity. For this reason, Sabine Reichert was present at the transport logistic in order to explain the cost-saving and high-availability OXSEED solutions to those interested in SaaS. ... more information you find here...

- CUSTOMER REPORTS

### **Steigenberger Hotel Group utilizes OXSEED**

The basic idea of the Steigenberger Hotel Group was to accelerate the throughput of invoice processing and to automate the process. The company engaged OXSEED as the partner for implementing this idea. →

In the course of the last year, some of the Steigenberger hotels already completely moved their processes for incoming invoices to the new electronic mode of operation. This led to a significant improvement of the quality and actuality of the entire finance and accounting.

All documents are available at any time in the archive, which is stored on OXSEED's high availability computing center. This archive meets all criteria with respect to retention period and auditing acceptability. The implementation of the new invoice processing continues. [... please read on ...](#)

#### **The Role of AFP2web® in OXSEED**

Many of our customers already know AFP2web® as a highly scalable transformation solution. Because AFP2web® makes it easily and specifically possible to transform existing data and documents into any type of data and document format.

Beyond that, AFP2web® is an integral component of the OXSEED On Demand platform, thus providing digital document and print data through any channel in the context of "Electronic Document Delivery (EDD)".

- PARTNER – EVENT

#### **Competence Center „Digital Mailroom Processing“**

The topic „paperless back-office“ is in discussion for many years, however, solutions are very seldom clear and user-friendly. Together with our partners KODAK, Docutec, Mentana Claimsoft, and B&L, we have initiated the series of event "Digital Mail Processing" to demonstrate the cooperation of various competence partners within this process.

Our aim is to give interested parties the opportunity to learn more about the processes in and around digital mail processing and to clarify open questions.

Now, the 7th event takes place in Stuttgart on June 18. For more information about new conditions in the field of digital mail processing, [...please read on...](#)

- OXSEED IN GENERAL

#### **Promotion of vocational training**

Acting as an innovative company, we rely on young people in our teams.

For this reason, we are happy to announce Ramona Buchtmann, Gerrit Hartwig, Irina Riesen, and Andreas Schmidt as new members of our team.

Our trainees are located either in Filderstadt or Bielefeld and are working in the areas of information technology, business administration, and marketing.

Interesting tasks and the opportunity of employment are highly motivating and make work enjoyable. [... read more about it ...](#)
